

Special Spaniels Newsletter

Hi everyone!

City Dog, Country Frog is my new favorite book. It's by Mo Willams and my 4-7 year old friends really like it. It has wonderful watercolor pictures and is a story about friendship, differences, and loss, but with a really cool ending! Send me an email at Toby@specialspaniels.org and I will come and read the book to you personally!

Toby has had an awesome first couple of months with Special Spaniels. He has been visiting the residents at Waters of Duneland in Chesterton, IN and has taken the city of Hobart by storm!

Everyone he meets, is intrigued by his famous "golden" eyes and his tail wagging happy smile. He really enjoys reading to children and adults alike.

Toby can't wait for the month ahead, he's going to visit a lot of new friends and new places. He'd love to meet you personally call Julie to arrange a visit.
